												or dom madathar signar booster	

**Product Description** 

## **Product Features**

Full Band Coverage: Compatible with 2G, 3G, 4G, and 5G signals from all carriers, suitable for various mobile devices, and comprehensively enhancing signal quality. High-Efficiency Signal Boosting: Utilizing the latest signal enhancement technology, it effectively covers an area of 2000 square feet, ensuring strong signal coverage whether at home, in the office, or in the basement.

Product Description

**Our Product Introduction** 

(1) Applicable to family, office space, hotels, large buildings bottom and other indoor places.
 (2)Effectively reduce mobile phone radiation on the human body
 (3)Convenient installation, can do based on the specific applications of flexible configuration.
 (4)Casting integration, fully enclosed shell, beautiful and durable
 (5)Using advanced digital filter,High end chip,Stable and efficient
 (6)Product environmental protection, small volume, low cost.
 (7)ALC -Automatic Level Control function.
